THE STANDING BEAR, THE GREAT INDIGENOUS LAKOTA CHIEF, THE SALMON FISH, THE SACRED TREE AND THE BAMBOO MAGIC FLUTE

("Thirty-five years of Arctic thaw in two minutes..." YouTube)

Narrative of an Experience in a Conscious Astral Projection of an encounter with the "Standing Bear" that turned into a Great Indigenous Lakota Chief, of the Beautiful Salmon Fish, of the Sacred Tree and the Charming Sound of the Bamboo Magic Flute.

Month of July, Year 2006. It has been twelve years now...

I went out or Consciously Projected myself in my Astral Body, and when already out of my physical body, moving away from my bed where my body was still resting, I walked toward the door that leads to the fountain garden.

I immediately began to call my Divine Mother Kundalini with a loud voice, and thus I began to fly through the city, saying repeatedly with strength and in a loud voice:

Divine Mother Kundalini! Divine Mother Kundalini!
Divine Mother Kundalini!

After calling her many times all through the city, I was then

taken in my Astral Body Northwards, toward the Arctic...

I arrived at and entered a beautiful house of North America.

The snow covered everything...

My wife, our son, and a lady with her daughter were also inside the house.

My wife was talking with the lady and her daughter.

Our son was taking care of a beautiful and huge salmon fish which was inside a little crystal house approximately a meter high, shaped like a cuckoo clock.

The little crystal house's interior space was all covered in snow as well as upon the salmon fish, whose colors were electric blue and red.

The fish radiated heat and energy that were melting the snow little by little until the snow disappeared completely... while the salmon fish remained on the floor of the little crystal house.

"The clock" had "snow"... instead of "sand", which greatly attracted our attention.

Later, and approaching the large glass windows, we saw that outside, everything was still covered by thick layers of snow and ice.

We also saw with astonishment that a beautiful and giant Polar Bear was approaching our house, walking Upright.

When the Polar Bear arrived a few meters before the house entrance, he began to move the snow until a salmon fish with red and blue electric colors became visible, appearing there too.

The Standing Polar Bear felt great joy at seeing it, and as if he were a Bear Cub, he began to play in the snow with a great joy that we could feel.

Suddenly the landscape changed totally... The ice and the snow had disappeared completely.

And in front of the entrance of our house, there was a beautiful, strong and leafy Tree which looked like an Oak... (or a Cedar Tree...)

The giant and beautiful Standing Bear appeared again, but this time with a different color of his skin: a brown color.

We observed him with admiration through the large glass windows of our house...

We also saw that a couple with children was approaching.

But as they saw the Giant Standing Bear, they had "Fear"... and they ran to take shelter under the Big Tree that was in front of our house.

The children arrived first and then the woman, and standing before the thick Tree trunk, they quickly climbed up its branches covered with dense and green foliage.

The man managed to hide himself behind the Tree trunk, feeling a great "Fear" of the Big Standing Bear that was approaching the Tree.

I was serenely observing all this from our house and through one of the large glass windows.

Then a beautiful and golden Bamboo Flute appeared in my hands.

When I began to blow it, some very sweet, soft, and beautiful notes came out of it, and they were heard by the

Big Standing Bear who, moving his head, tried to spot from which place the notes of the Bamboo Flute were coming.

I saw that the Standing Bear realized that the notes of my flute were coming from our house, and walking very straight, with slow and soft steps, he began to approach one of the large glass windows of our house and, once there, he looked through the crystal, trying to find out the performer of the Music of the Flute that I was still playing, holding it in my hands, softly blowing from my lips into the Flute.

Suddenly, I was Surprised to see that the Big Brown Standing Bear was now inside our House, approaching me with soft steps, smiling and very friendly.

I saw myself very small before the Big Standing Bear who took my right hand with paternal affection and tenderness, as if I were a child.

Then, my wife, our son, and the lady with her daughter came over.

Then, we see with great astonishment and admiration that the Big Standing Bear now turns into a Great Indigenous Lakota Chief.

His body was tall and very strong.

His face was at the same time calm, kind, and with a very energetic expression: Immutable like a Rock.

His eyes slightly almond-shaped.

His Jet Black and very long Hair reached under his waist but tied up behind his neck.

His skin was like Native North American Indigenous People's.

Without letting go of my right hand, the kind and paternal "Standing Bear" under the Human form of a Great Indigenous Lakota Chief, followed by my wife, our son, the lady and her daughter, took us on a tour of the house, checking everything in detail.

Eventually, he began to check some of the house's electrical cables, and he took them in his hands.

We saw that he put them close to his right ear and stood for a while as if he was expecting to hear something.

He told us there were a lot of dangers, but that luckily *the tornado and the hurricane* were not going to come.

Then he breathed relieved and told us that that danger had already passed, but there were still dangers outside the house.

These last Words of the Great Indigenous Lakota Chief now remind us of the Words written in the Essene Texts from Qumran concerning the Work and Mission of the Essene Teacher of Righteousness reincarnated in the end times as the Prophet Moses:

"... the evildoer acc]osts the upright man... 13 [Its interpretation: the evildoer is the Wicked Priest and the upright man] is the Teacher of Righteousness..."
(1QHabakkuk Peshar (1QpHab) Col. I).

Another version reads:

"The Wicked man stalks the Righteous man and seeks [to kill him..."

The "wicked priest" are the Black Magicians' dark forces that, as in Ancient Egypt, attacked and still attack V.M. Thoth-Moisés' Work and Mission, who is the Teacher of

Righteousness reincarnated in this end of times.

(We invite the kind reader to read and study, for example, The Hymns or "Hodayoth" by the Teacher of Righteousness and the "Commentary on Habakkuk" of the Essene Texts from Qumran, among others.)

In this end of times of "*Cutting Edge Technology*", the electronic and electromagnetic technologies used constructively, peacefully, medically, etc. are positive for the Sake of Humanity.

However, the electronic and electromagnetic technologies used to attack physically or psychologically, visibly or "invisibly", are instruments at the service of evil.

The Technotronic at the Service of the Being, of the Spirit, of Knowledge, of Wisdom, for the Sake of Humanity, is a highly constructive, uplifting, dignifying means:

"The Gnostic Technotronic will be like a biblical David who will face the intolerable Goliath of the perverted media and will win the battle." (*Venerable Master Samael Aun Weor*).

The Work and Mission of the Essene Teacher of Righteousness reincarnated in V.M. Thoth-Moisés is a true "David", struggling Peacefully, Constructively, by giving abundantly and freely the Bread of Wisdom to all Poor Suffering Humanity in this end of times, against the Black Lodge's dark forces that are the "Goliath of the perverted media".

The Great Indigenous Lakota Chief continued holding my right hand, and he did not leave me at any moment and remained with us there in our house, accompanying us,

protecting us, and preparing himself for a long journey...

This is a Faithful, Real, True Narrative of an Inner, Spiritual, Esoteric, Conscious encounter with the Great Indigenous Lakota Chief "Standing Bear" in the Astral Dimension, in the House in the North, in the Arctic..., where I saw myself with my Beloved Wife, our son, another lady and her daughter; as well as of the crystal house in the shape of a cuckoo clock, the beautiful salmon fish with blue and red electric colors, my Bamboo Magic Flute and its beautiful, soft, and charming notes... of the leafy Sacred Tree with a thick trunk and dense foliage... of the couple with their children... of an Experience that I Lived very Consciously in an Astral Projection in which my Divine Mother Kundalini took me Northwards, toward the Arctic...

Studies and Meanings of the Symbologies of the Salmon Fish and the Crystal House, the Sacred Tree, the Standing Bear, the Bamboo Flute and the Great Indigenous Lakota Chief.

Our Divine Mother Kundalini is the Inner, Individual, Particular Divine Mother of our Soul, of our Spirit, of our own Being.

Each Being has an Individual, Particular Divine Mother Kundalini.

“... ‘*And his sister stood afar off*’ (Exod. II:4). Whose sister? The sister of Him [of King Solomon] Who calls the Community of Israel “My sister”, in the verse “Open to me, my sister, my love!” (Cant. v, 2). “Afar off”-as it is written: “From far off hath the Lord appeared unto me” (Jer. XXXI, 2). From which it is evident that all the

righteous are known by all in those higher regions before their souls descend into this world; how much more, then, Moses. We also learn from this that the souls of the righteous emanate from an upper region, as we have already stated. But there is also an esoteric lesson connected with it, namely, that the soul has a father and a mother, as the body has a father and a mother in this world. In fact, all things above and below proceed from Male and Female, as we have already derived from the words “Let the earth bring forth a living soul” (Gen. I, 24). “The earth” symbolizes the community of Israel; “a living soul”-the soul of the first, the supernal Man, as already explained.’ Then came R. Abba to him, kissed him, and said: ‘Verily, thou hast spoken well! It is so indeed. Blessed is Moses, the faithful Shepherd, more faithful than all the other prophets of the world.’ There is still another interpretation of “and his sister stood afar off”, namely, as symbolizing “Wisdom” -“say to wisdom, thou art my sister” (Prov. VII, 4).” (The Zohar).

Here the Zohar reveals a great esoteric teaching: “the soul has a father and a mother, as the body has a father and a mother in this world...”

The Father and Mother of our Soul are our Inner, Individual, Particular, Spiritual Father and Divine Mother within every Being.

They, our Father-Mother of our Soul, are the Father-Mother of the “Sister” and “Brother”.

The “Sister” is our Spiritual Soul, which in the man is Feminine. And the “Brother” is our Human Soul, which in the man is Masculine.

In the woman, the Spiritual Soul is Masculine, and the Human Soul is Feminine.

In "The Song of Songs" of King Solomon, "His Sister" is His Spiritual Beloved, the Beautiful Shulamite, His "Nukva" ("Feminine"), and the "Brother" is obviously King Solomon.

They are called "Siblings" because they are the Two Spiritual Twin Souls within every Being.

But King Solomon (the Son of King David) was the embodiment of the "Brother", and His Beautiful Shulamite was the embodiment of His "Sister".

Our DIVINE MOTHER KUNDALINI She is God-Mother, the Divine Virgin-Mother within each one of us.

When we Awaken the Rising Serpent (called in the Hindu White Tantric Texts "KUNDALINI") up the Rod of our Cerebrospinal Column, it is our Divine Mother Kundalini, or the Sacred Fire of the Holy Spirit, the Fiery Serpent that the Prophet MOSES and His Soul Brother AHARON lifted up in the Rod of their Vertebral Column in the Initiatic Wilderness of their Existence...

So it is taught by Our LORD JESUS THE CHRIST:

"And no man hath ascended up to heaven, but he that came down from heaven, even the Son of Man which is in heaven. And as Moses lifted up the serpent [Kundalini] in the wilderness, even so must the Son of Man be lifted up: That whosoever believeth in him should not perish, but have eternal life." (*The Holy Gospel According to St. John, 3: 13-21*).

She, our Divine Mother Kundalini, is The Woman who

can crush the head of the tempting serpent of Eden and of its seed, namely, the "I's", or the psychological defects, we carry within ourselves.

God said to the tempting serpent:

"And I will put enmity between thee and the woman, and between thy seed and her seed; it shall bruise thy head, and thou shalt bruise his heel." (*Genesis 3: 15*).

"She" is obviously "The Woman", the "Shechinah"; that is to say, God-Mother, our particular Divine Mother Kundalini... And She is the only one who can crush the head of the tempting serpent and of its offspring, which are the "I's", or psychological defects.

Our DIVINE MOTHER KUNDALINI's Lineage is the Intimate, INNER CHRIST.

Our Divine Mother Kundalini and the Inner Christ can crush, disintegrate, eliminate the dark forces of the descending serpent (the Abominable Kundartiguador Organ) and of its seed, namely, the "I's", or the psychological defects, and their perverse lustful atoms.

Our Divine Mother Kundalini can also help us project ourselves Consciously in Astral Body, taking us to Sacred Places and Temples where we are instructed in the Esoteric, Sacred, Occult Wisdom of the Great Mysteries of the Great White Lodge.

The Mysterious Salmon Fish of Red and Blue Electric Colors inside his Crystal House that Irradiates Heat and Energy symbolizes the Inner Christ who is in his "Crystal Sepulchre", awaiting the moment of the Esoteric Resurrection...

The "Crystal Land", the "Far Thule", also comes to our mind... The First Race that inhabited the lands nowadays covered in Arctic Ice...

In relation to the Esoteric symbology, the Red Salmon is the Inner Christ.

Once He achieves the Esoteric Resurrection from within his Crystal Sepulchre, He is then the Red-Colored Philosophical Stone, the Hermetic Rose, the Lily Flower.

The Sioux associate the Red and Blue colors with "the final days of the world"...

In another Key or explanation, it is the sign that "There is no time!" anymore.

That is to say, we are in "the end times"...

The Arctic as well as the Antarctic Ice and the Ice of the snow-covered summits are melting due to the warming of the Planet, the Change of Earth's Magnetic Axis, the approaching of the Planet Hercolubus (called in the Bible "Wormwood") to our Solar System.

The Polar regions will become the Equatorial zone, and what is now the Equatorial zone will become the future Polar zone.

In the year 2013, "a group of scientists from three British universities", in a study carried out over "40 years", have warned on "*the imminent disappearance of summer sea ice in the Arctic*"..., which can "*possibly cause a catastrophic climate change*" bringing forward in time a greater and catastrophic increase of Planet's temperature. Although the Scientists appeal "*to any person*" who might be able to help, they caution that they have not:

"... much time to discuss it. This is so big and if it happens, it might happen quickly, and people have to awake to the possible reality that we are facing".

The Arctic Thaw is already openly considered as "*an imminent [and already inevitable] threat to life on Earth...*"

A Scientist recently stated that within a few years:

"... the world will have to witness a new and frightening landscape in the North Pole: that of an Arctic in lack of ice."

From among several different Scientific reports, we transcribe the following paragraphs:

"... If this trend goes on, there will be no sea ice fields* by the end of this decade",..."

* ("Floating ice plates joined together in the region of the polar seas.")

"... the impact on the Arctic is difficult to be established because that region is 'possibly going to respond more quickly and severely to climate change than any other part of the planet'."

An Indigenous Eskimo exclaimed over the accelerated Arctic thaw that:

"... if this melts, the rest of the world had better be prepared to learn how to swim"...

The melting of the Arctic and all Glaciers on the Planet caused by "*global warming*" is an undeniable and irreversible fact, it is imminent, in the very short term. But as a Climatologist Scientist has declared:

"Paradoxically, global warming might cool all of a sudden

eastern North America and northern Europe".

The more the "global warming" increases, the more an imminent "Ice Age" approaches and precipitates in the northern hemisphere with catastrophic consequences worldwide, not only with the total collapse of the world economy, which is what concerns the worshippers of the "golden calf" the most, but also with the destruction of almost all Mankind and vegetal and animal life throughout the Planet, which is much more serious, leaving a few survivors as a seedbed for a new Humanity after about two centuries of purification and renewal of Earth through the struggle between the elements of Nature, and from which, in a new Golden Age, a "New Progeny" will grow, blossom and bear fruit, "the Progeny of Metatron".

Despite *"the terrifying and prolonged action of the triggered elements"*, Planet Earth will not be destroyed, nor will the whole of Humanity disappear. Some people who deserve it for having disintegrated at least 50% of the psychological defects, they will be **CHOSEN BY GOD** to be taken to a **NATURAL** (not artificial), **SAFE REFUGE** shortly before the final catastrophe:

"... Certain privileged countries, as genuine Arks of rock, will shelter men who will have taken refuge there. There for one day, lasting two centuries [two hundreds years], generations will watch --- anxious witnesses of the effects of divine power --- the gigantic duel between water and fire; there, in a relative calmness, at an equal temperature, in the pale and even light of a low ceiling of clouds, the chosen people will wait for peace to come and for the last clouds, dispersed by the breath of the golden age, to

uncover the multicolored magic of a double rainbow, the brightness of new skies and the charm of a new earth..."
(By "*The Dwellings of the Philosophers*" by Fulcanelli).

The Divine Mother Kundalini is also called "Stella Maris", the Star of the Sea or the Virgin of the Sea.

In a Key, "Stella Maris" is the Polar Star...

Scientists are greatly astonished by the fact that The Polar Star or "Polaris" "*today shines 2.5 times brighter than it did 2,000 years ago*". They claim that it is something "*unusual*" and uncommon, and it is believed that it could be due to "*the modifications of the terrestrial magnetic pole*"...

A Canadian Geologist who has been investigating the movement of Earth's Magnetic axis toward Siberia has claimed that *this change is happening very fast*.

Earth's Magnetic Pole always changes its position at the end of every Root Race... Every "26,000" years approximately.

Although there are scientists who claim it as a "normal" shift that has already happened in other very ancient times, many other changes are happening throughout the Planet, such as the melting of the Arctic and all Glaciers on Earth, among many other changes that are not "normal"... not only on our Planet Earth but also... on Mars! which is also warming, diminishing "the ice cap" of its south pole rapidly...

There are a great disturbance and agitation not only on our Planet Earth but also throughout our Solar System.

There is "Something" that is "Globally" affecting our entire Solar System, and not only our Planet Earth.

The "Global Warming" on our Planet Earth and other Planets of our Solar System is due to the approach of a Planetary Body "several times the size of Jupiter...", namely, Hercolubus!

"Hercolubus", "Wormwood" (in The Bible) or the "Powerful Purple (or Red) Star" (in the Zohar), "The Red Kachina" (of North American Indigenous People), "The Destroyer" (of "El Kolbrin), "The great one long hidden in darkness" (of Nostradamus) is coming closer to our planet very quickly and dangerously, and it will pass in one corner of our solar system directly affecting Earth, exerting a greater gravitational pull on it than on other planets, and whose Powerful Force exerted mostly on our World makes the Fire of the Interior of our Planet get increasingly closer to the Earth's surface and the "surface" of the beds at the bottom of the Seas, which will cause great explosions of Lava everywhere in the Geological crust and at the bottom of the Seas, spewing fire that will burn everything on our Planet as announced in the Prophecies of the Holy Scriptures about two thousand years ago:

"The Lord is not slack concerning his promise, as some men count slackness; but is longsuffering to us-ward, not willing that any should perish, but that all should come to repentance."

"But the day of the Lord will come as a thief in the night; in the which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up."

"Seeing then that all these things shall be dissolved, what manner of persons ought ye to be in all holy conversation

and godliness, Looking for and hasting unto the coming of the day of God, wherein the heavens being on fire shall be dissolved, and the elements shall melt with fervent heat?"

"Nevertheless we, according to his promise, look for new heavens and a new earth, wherein dwelleth righteousness."

"Wherefore, beloved, seeing that ye look for such things, be diligent that ye may be found of him in peace, without spot, and blameless." (*Second Universal Epistle of St. Peter the Apostle, 3: 9-14*).

The Magnetic North Pole increases its displacing speed every year, moving faster Eastward toward Siberia.

The Poles interchange, and the current Equatorial Zone turns into the Polar Zone, and the current Polar Zone turns into the Equator.

So it happened at the end of the previous Fourth Root Race: the Atlantean Race... and so it is happening now, in these "final days" of our Current Fifth Root Race that began after the "Great Flood":

"The Mosaic flood had the same importance, the same spread, the same repercussions as all the previous floods. Somehow it is the typical description of the periodic catastrophe resulting from the reversal of the poles. It is the simplified interpretation of the successive floods, of which undoubtedly Moses was aware, either because he had been an eyewitness to one of them -which would justify his own name- or because he had obtained such knowledge through divine revelation. To us, the ark of salvation seems to represent the geographical location where the chosen ones gather when the great perturbation is near, rather than a hand-built boat. By its form, the ark already reveals itself as

a cyclic figure rather than as a true ship. In a text where we must especially, according to the word of the Scriptures, consider the spirit rather than the letter, it is impossible for us to take the building of the ship in a literal sense as well as the search for "all the pure and impure animals" and their reunion by couples. A disaster that imposes, for two centuries, to living and free beings, living conditions so different from their normal ones, so contrary to their needs go beyond the limits of our reason. It should not be forgotten that during the entire trial, the hemisphere, given over to the rush of water, is plunged into the most total darkness. It is indeed worth knowing that Moses speaks of cyclic days, whose secret value is equal to regular years. Let us be more specific: it is written that the flood rains lasted forty days and that the waters covered the earth for one hundred and fifty days, that is one hundred and ninety days total. Then God caused a warm wind to blow, and the level of the sheet of water went down. The ark landed on Mount Ararat, in Armenia. Noah opened the window (the return to light) and liberated a crow which, held back by corpses, did not come back. He then let a dove fly which immediately came back to the ark, for at that time trees were still submerged. The patriarch then waited seven days and again let the bird fly, which returned toward evening bringing back a green olive branch. The flood was over. It had lasted one hundred and ninety-seven cyclic days, give or take three years, two actual centuries. Can we admit that a ship exposed to the storms for such a long time would be capable of resisting it? And, on the other hand, what should we think of its cargo? These implausibilities, even so, could not totally shake our convictions. We hold the

Mosaic account to be true, and positive as far as its basis, that is to say, as far as the actuality of the event of the flood is concerned, but most of the circumstances which accompany it, particularly those concerned with Noah, with the ark, and with the coming and going of the animals are clearly allegorical. The text contains an esoteric teaching of considerable scope. Let us simply note that Noah, who has the same cabalistic meaning as Noel (Christmas in French; in Greek, Noe), is a contraction of the Greek [Neos-Helios], the New Sun. The ark, Arch, indicates the beginning of the new Era. The rainbow signifies the covenant that God makes with man, in a cycle which is just beginning; its is the born-again or renewed Symphony: consent, agreement, union, pact. It is also the belt of Iris (...), the privileged zone..." (*Fulcanelli "The Dwellings of the Philosophers"*).

The Polar Star, "Polaris", currently in the Constellation of Ursa Minor ("Little Bear"), is the nearest Star to the North Pole.

According to the Indigenous traditions of North America, "The Bear" is considered as the Guardian, Protector, Keeper, and Helping Spirit of North America. **THE SPIRIT BEAR!**

The Polar Bear, although it might adapt to feeding on salmon fish like the Brown Bear in Alaska, is in danger of extinction because of the melting of the Arctic ice due to global warming.

When The Polar Bear, the Brown Bear, and the "Spirit Bear", etc. disappear in North America, Its Protective Guardian and its Helping Spirit will also go away with

them.

A Native North American Indigenous Legend tells that at the beginning of time when the world was ice and snow, God Raven came from the sky and made the world green. But he missed the whiteness, so he decided to create something that would remind him of the white beauty of the snow. He went through the great forest of the western coast and on an island where man has never lived, he made a Bear Cub out of every ten Black Bears White. He declared that they would live there forever, in peace.

But now the "Helping Spirit" is getting ready to leave, as the Polar Bears, the Brown Bear and the Spirit Bear in North America are driven to extinction.

Only those who have True "Fear of God" and approach the Sacred Tree of Life will continue having the Protection of the "Helping Spirit".

The Sound of the Magic Bamboo Flute is the Expression of the Being's Word, the Word of the Logos, the Inner Christ's Word.

Whoever responds to His Call, to the Sound of His Silent Magic Flute, and approaches with True "Fear of God" the Sacred Tree of Life, which Is The Being, will receive the Help, Protection and Assistance of the Great Invisible Spirit, who is "The Great Hidden Lord" to those who are not able to see him... For even if they see him, they cannot see him... Even if they listen to him, they cannot hear him.

The True "Fear of God" is the Fear of sinning.

Only the one who is in constant Watchfulness and Prayer does not fall into temptation, as he is always in continuous

"Fear of God" which is the fear of sinning in thoughts, feelings, and actions.

Only those who are always in the fear of sinning, which is the True "Fear of God", will be able to approach the Sacred Tree of Life, and they will remain there, Protected by their Own Divine Being and by the "Protective Spirit" that Watches over America and parts of Western Europe: "The Great Atlantean"... in order for them to form the Community of the New Alliance with the Force of the "Dayspring of Youth".

In our "*Guía Práctica del Estudiante Gnóstico* [Practical Guide for the Gnostic Student]", there are the Keys to be always in the True "Fear of God" that is the fear of sinning... There are the Keys for the Work with The Three Factors of the Revolution of the Consciousness and Conscious Astral Projection.

The Greatest Valor is that of those who overcome themselves.

The Greatest Sacrifice is the Sacrifice of oneself.

The Greatest sacrifice within oneself is to achieve the True and Authentic Scientific Chastity on the basis of the Disintegration of our psychological defects.

Ceremonies and sacrifices that may be made are useless if a person fornicates or adulterates.

The True Sacrifice is the Total Authentic Chastity, which is achieved through the continuous death "from instant to instant, from moment to moment" of our "I's" or psychological defects in thoughts, feelings, and actions.

Before God, before the Great Invisible Spirit, rites,

ceremonies, fasts, sacrifices, etc. have no value if there is no true Chastity, if there is no Total Faithfulness.

The True and Real Sacrifice is that of the one who achieves the Death of the ego ("I's" or psychological defects) and attains True Chastity and Conscious Sacrifice for Humanity.

So far, in synthesis, some explanations on the symbologies of the Conscious Astral Experience with the Great Indigenous Lakota Chief who previously appeared in the form of a Great Standing Brown Bear, of the Bamboo Magic Flute, the Sacred Tree, the Salmon Fish, the Crystal House with the shape of a Cuckoo Clock, the Polar Bear, the melting of the Arctic Ice and Snow...

In my Astral Body, I had the Vision of the LIVING CHRIST Crucified on The Cross, I heard a Voice saying: "THE LIVING AND SUFFERING CHRIST IS CRUCIFIED ON HIS CROSS!"

Then another Vision appeared: I saw a Very Beautiful, very Slender, Young, Distinguished Lady, of Fair Completion, long and wavy Black Hair, completely Dressed in a Red-Colored ankle-length Dress, who, while twirling herself round in a very Beautiful and Sacred Sioux

Indigenous Dance, spinning round to her right, was holding in Her Right Hand a Great Sacred Lakota-Sioux Ceremonial Pipe...

The White Buffalo Woman handed the Sacred Pipe to me...

The Sioux Traditions' White Buffalo Woman's Sacred Pipe:

"The White Buffalo Cow Woman", "known also as White Buffalo Maiden", who, after giving them The Sacred Pipe and the Red-colored Round Stone sent to them by "The Great Spirit", or "WAKANTANKA", as she was leaving, said:

"In the end, I will return" to purify the World, a coming that the Indigenous Sioux-Lakota think will be very soon.

The Seven Circles on THE STONE, which represent the Seven Rites in which the Sacred Pipe is used, have esoteric meanings.

The first Rite represents "The White Buffalo Cow Woman" who, in the Kabbalah, is the SPHERE or Sephirah Malchut (Rachel, the Wife of Jacob or Zeir Anpin), or the Queen of the Seven Sephiroth (The Queen of Sheba, the Queen of Seven) from Chesed to Malchut of the Tree of Life.

The other Six Rites represent the Six SPHERES or Sephiroth of Zeir Anpin: Chesed, Guevurah, Tiphereth, Netzach, Hod, and Yesod.

In summary, the SEVEN SPHERES or SEVEN RITES symbolize the Knowledge, or GNOSIS, of the Mystery of the Spiritual, Esoteric, Alchemical and Kabbalistic

Marriage of ZEIR ANPIN WITH MALCHUT.

The Rite Altar, the two Sacred Pipe parts, namely, the Red Stone Bowl and the Wooden Stem, the Twelve Eagle Feathers that appear at the point where the Pipe Stem joins the Bowl, the Tobacco, the Fire to light the Pipe, the Sacred Purifying Smoke that is offered to the Great Spirit, and very especially THE TAU SHAPE of the Sacred Pipe Bowl, among other Sacred elements and steps to follow, have their esoteric symbologies, whose practice allows us to make our Spirit ONE (ECHAD) and to be able to return to the "PLACE" where WAKANTANKA, The Great Spirit, was born.

The True Blossoming, whose symbology is in THE SACRED PIPE WITH ITS TAU CROSS, given by THE GREAT SPIRIT through the White Buffalo Maiden to the Sioux People:

The Esoteric, Spiritual and Inner Blossoming takes place in ascending octaves and is considered "Qualified" WHEN THE MYSTIC ROSE, OR THE INNER CHRIST, BLOOMS IN THE HOLY CROSS OF THE TREE OF LIFE, THE SACRED TREE blossoming "in the Center of the World" (which is our heart), inside every Being that has made it Blossom and Fructify.

This is a "Tree that bears Good Fruits", of which Our Lord JESUS THE CHRIST spoke.

The Pipe Stem and Bowl symbolize the union of the male Lingam, or Phallus, within the female Yoni, or Womb, during the practice of Holy Sexual Alchemy between a man and a woman united by the Sacrament of Love and Matrimony. The Fire to light the Pipe Tobacco is the

Ardent and Erotic Fire of The Fiery Forge of Vulcan, the White Sexual Magic, the Unexcelled White Yoga-Tantra, whose etheric vapors must be elevated to the Great Spirit through the Etheric Channels of Our Caduceus of Mercury in Our Cerebro-Spinal Column.

The Great Holy Spirit WAKANTANKA is Our Inner, Divine, Spiritual Father-Mother.

If a Married Couple performs this Rite of Holy Alchemy every day, the first Sphere or Circle that they begin to Realize is the Sephirah Malchut of the Tree of Life, and then they continue Realizing the following Six Sephiroth of Zeir Anpin.

When the Seven Sephiroth have been Realized from Malchut to Chesed, then a first Marriage of Zeir Anpin with Malchut takes place.

The Definitive Marriage is Realized much later in more advanced Esoteric Processes when Zeir Anpin Marries Malchut in Definitive Edenic Weddings at the "end of Days" "to purify" completely "the World". These explanations are very summarized.

In another meaning, the Manifestation of the White Buffalo Woman giving me the Ceremonial "Sacred Pipe" or "Calumet" is the beginning of the Fulfillment of the Prophecy in which She Announced that when She would return together with The Descent of the Sacred Pipe that She has given to V.M. Thoth-Moisés, the Disciple of the Great Indigenous Lakota-Sioux Chief who has, among other Sacred Names, the Esoteric Name "The Standing Bear", it is because the end of this humanity is already near, some few FERTILE SEEDS thereof will be Rescued
